Distribution Frequency of Additional Tier 1 Outright payment	Payments will be distributed on a monthly basis				N/A				
Term of the scheme	1 April 2024 until 30 June 2025								

Furthermore, with effect from 1 February/January 2025, a supplementary “additional supporter incentive” in the amount of up to 250,000 Euro per month (total pool) is limited until end of January/February 2025 and shall be distributed to a maximum of 10 Liquidity Providers who have fulfilled the participation conditions for one of the “FST3” schemes (Outrights or Calendar Spreads) as described above in this chapter, and in addition, have a minimum net average Open Interest (“OI”) of 470,500 contracts in Euro – STR Futures (Product ID: FST3) (before any multiplier) in the respective month.

This additional supporter incentive will only be paid if the average “OI” of the last 5 business days in January-February 2025 monthly average “OI” in FST3 future contracts on Eurex Deutschland exceeds the threshold of 375400,000 contracts which will activate a payout of 200,000 EUR. The total amount of the pool will be increased proportionally to the “OI” threshold up to a maximum of 250,000 EUR. Example: If the monthly average Open Interest in the last 5 business days is 10% above the activation threshold (in the case of January-February 2025: 412,500440,000 contracts), the incentive pool will be increased by 10% (in the case of January-February 2025: 220,000 Euro).

~~After January 2025, the Executive Board of Eurex Frankfurt AG will decide on an extension of this additional supporter incentive and will announce the decision by circular.~~

The qualifying Liquidity Providers will be ranked according to their average “OI” in FST3 in M- and P-accounts whereby their own “OI” will be 1) multiplied by 5 in expiries Q2 – Q4; 2) multiplied with 3 in expiries Q5-Q8; and 3) multiplied with 1 in all other expiries. Caps and multipliers as detailed in sec. 6 and 7 shall not apply for this ranking.

The distribution will be proportionally to the top 10 qualifying Liquidity Providers according to their multiplied “OI” in M- and P-accounts.

From 1 March 2025, a supplementary “additional supporter incentive” in the amount of up to 250,000 Euro per month (total pool) is limited until end of March 2025 and shall be split into a “pro-rata-pool” of 200,000 EUR and a “growth-pool” of up to 50,000 EUR. This additional supporter incentive “pro-rata-pool” will only be paid if the average “OI” of the last 5 business days in March 2025 in FST3 future contracts on Eurex Deutschland exceeds the threshold of 425,000 contracts which will activate thea payout of 200,000 EUR as follows:

The “pro-rata-pool” shall be distributed to a maximum of 10 Liquidity Providers who have fulfilled the participation conditions for one of the “FST3” schemes (Outrights or Calendar Spreads) as described above in this chapter, and in addition, have a minimum net average Open Interest (“OI”) of 50,000 contracts in Euro – STR Futures (Product ID: FST3) (before any multiplier) in the respective month.

The qualifying Liquidity Providers will be ranked according to their average “OI” in FST3 in M- and P-accounts whereby their own “OI” will be 1) multiplied by 5 in expiries Q2 – Q4; 2) multiplied with 3 in expiries Q5-Q8; and 3) multiplied with 1 in all other expiries. Caps and multipliers as detailed in sec. 6 and 7 shall not apply for this ranking.

The distribution will be proportionally to the top 10 qualifying Liquidity Providers according to their multiplied “OI” in M- and P-accounts.

The “growth-pool” shall be distributed equally to all Liquidity Providers who have fulfilled the participation conditions for one of the “FST3” schemes (Outrights or Calendar Spreads) as described above in this chapter, and in addition, have an increase of their net average Open Interest in the last 5 business days of March of more than 10,000 contracts in Euro – STR Futures (Product ID: FST3) (before any multiplier) compared to the same period in February. If less than 5 Liquidity Provider qualify for the “growth-pool” the payout should be limited to 10,000 EUR each.

For a new qualification for this “growth pool” in the following months (if the extension of this additional supporter incentive was decided by the Executive Board of Eurex Frankfurt AG), the LP must in addition to fulfilling the Participation

Conditions, achieve an increase by the then applicable net average amount of contracts compared to its highest level of "OI" within the reference period from the previous months since the introduction of this component (March 2025).

For the avoidance of doubt, the activation threshold and the minimum net average OI as described in the "pro-rata-pool", caps and multipliers as detailed in sec. 6 and 7 shall not apply.

After March 2025, the Executive Board of Eurex Frankfurt AG will decide on an extension of the additional supporter incentive ("pro-rata-pool" and "growth-pool") and will announce the decision by circular.

Eurex Frankfurt AG will inform the qualifying Liquidity Providers eligible for a payment under both Additional Supporter Incentives at the beginning of the calendar month following the fulfilled month and advise on the respective payment amount by the 15 calendar day.

VAT on any additional supporter incentive shall be borne by the Liquidity Provider, if applicable, and will be offset against any due and unpaid incentives.

Any invoice for a given calendar year must be received by Eurex Frankfurt AG before the 31 January of the following calendar year.

7. Phase I Multiplier

Type	Name of Multipliers	Achievement criteria	Awarded Multiplier
Outrights*	Outrights (Tier 2: Whites and Reds and Tier 1: Whites, Reds and Greens)	Fulfilment of Tier 1 or Tier 2 Outright quotation requirements (cp. Sec 5.1)	1x
	Outrights (Serials)	Fulfilment for Tier 1's of optional Tier 2 Serials quotation requirements (cp. Sec 5.1)	0.25x (only available as add- on for Tier 1's)
	Outrights (green quarterlies)	Fulfilment for Tier 2's of optional Outright quotation requirements (cp. Sec 5.1)	0.25x (only available as add- on for Tier 2's)
	"1 Lot" *****	Execution of minimum 1 lot in each expiration of the respective Outright schemes	0.0025x for each trading day of fulfilment
Calendar Spreads**	"3M"	Fulfilment of Tier 1 or Tier 2 Calendar Spread quotation requirements (cp. Sec. 5.3)	1x
	"6M"		
	"9M"		
	"12M"	Fulfilment of the same Tier quotation requirements as for 3M/6M/9M calendar spreads (cp. Sec. 5.3)	0.25x (only available as add- on to "3M", "6M", "9M" Calendar Spreads)

Type	Name of Multipliers	Achievement criteria	Awarded Multiplier
Strategy	IPS	Fulfilment of quotation requirements for Inter-Product-Spreads (cp. Sec. 5.4)	0.50x (applied to Three-Month Euribor Futures and Three-Month Euro STR simultaneously)
	Butterflies***	Fulfilment of Tier 2 quotation requirements for butterfly's (cp. Sec. 5.5)	0.25x (from 1 July 2024)
		Fulfilment of Tier 1 quotation requirements for butterfly's (cp. Sec. 5.5)	0.50x (from 1 July 2024)
Time****	Over-fulfilment of basis coverage time	Over-fulfilment of the minimum required coverage time for all Outrights Schemes (in average) (cp Sec 3.1)	0.01x per % over the minimum Time (capped at maximum 1.3x)
Participation (this multiplier will only apply as of 1 January 2025)	Over-fulfilment of the participation condition	Over-fulfilment requires, that the Liquidity Provider (1) achieves in each product (Three-Month Euribor Futures and Three-Month Euro STR) a trading volume of at least 20% of the daily cap (cp. Sec 6) in minimum 100 % of the trading days of the respective month and (2) in addition fulfils all other Participation Condition for Additional Supporter Incentive Payment "Fix payment" and "Pro-Rata Payment" (cp Sec 4.1).	0.50x

*Examples:

- A Liquidity Provider who fulfills the "Tier 1 FEU3 Outright" Scheme can only receive the multiplier add-on for the Serials of 0.25x.
- A Liquidity Provider who fulfills the "Tier 2 FEU3 Outright" Scheme can only receive the multiplier add-on for the Green Outrights of 0.25x
- A Liquidity Provider who fulfills the "Tier 1 FST3 Outright" Scheme can receive the multiplier add-on for the Green Tier 2 Outrights.

Therefore, a Liquidity Provider can achieve in each of the products a maximum multiplier in the Outrights of 1.25x if he fulfills the participation condition as described under sec 4.1. and fulfills all additional mandatory and optional quoting requirements as described under sec 3.2.

**Example:

In order to receive the multiplier for Tier 2 Calendar Spreads, the Liquidity Provider needs to fulfill the participation condition as described under sec 4.1.

If an LP qualifies under the participation condition for Tier 1 and Tier 2 Calendar Spreads, it is sufficient enough to quote the 12M calendar spread in one of the schemes (Tier 1 or Tier 2) to receive the 12M Add-On.

***For the avoidance of any doubt:

A Liquidity Provider can achieve in each of the products a maximum multiplier of 0.50x for fulfilment of butterfly strategies.

****For the avoidance of any doubt:

The over-fulfilment of the minimum coverage time is measured on the basis of the mandatory Outright components, as described in section 3.2. A liquidity provider can improve the average over-fulfilment time through the optional component. If the optional component is fulfilled for a period of time shorter than the average of the mandatory components, Eurex will not include it in the determination of the multiplier.

Calculation Method for Type "Time":

$$\text{Multiplier} = \left(\frac{\text{Average quoting time of Tier 1}}{\text{basis coverage time Tier 1 acc.to Sec 3.1}} - 1 \right) + \left(\frac{\text{Average quoting time of Tier 2}}{\text{basis coverage time Tier 2 acc.to Sec 3.1}} - 1 \right); \text{ capped at maximum 1.3x}$$

***** Examples:

A Liquidity Provider who is fulfilling the "Tier 2 FEU3 Outrights" needs to execute 1 lot in each of the white (serials and quarterlies) and red expirations as an outright transaction

A Liquidity Provider who is fulfilling the "Tier 1 FST3 Outrights" needs to execute 1 lot in each of the white, red and green quarterlies as an outright transaction.

Multiplier will be awarded for each trading day of fulfilment in the respective month. Fulfilment of 20 Trading Days in the month would result into a multiplier of 0.05x (20x 0.0025).

Example for total awarded multiplier:

A Liquidity Provider fulfills the following schemes in each of Three-Month Euribor Futures and Three-Month Euro STR:

- Outrights (as Tier 2):	1x
- Outrights (green quarterlies):	+0.25x
- Calendar Spreads (package of 3M, 6M and 9M):	+1x
- Calendar Spread (12M):	+0.25x
- IPS	+0.5x
- Over-fulfills the Tier 2 Outright requirements (white/red months) by 10%:	+0.10x
